Perhaps the greatest justification for high school football is found in the argument that it teaches its participants how to handle situations that occur in day-to-day life. Although this concept can only be fully appreciated by people who have played the game or are closely associated with it, it is a general statement that can be said about all prep sports. (sic. Mr. Meiss)

In this light the '81 Saint football team may have won much more than their 4 and 6 record would indicate. Like all life, the season began full of hopeful expectations and in the first game everyone looked good as the team crushed Costa Mesa 30 to 0. The celebration was short-lived as fate dealt its first of many blows. The team lost its defensive coordinator and special team coach to a nerve disease. This was evident when the Saints lost to powerful Edison, giving up four touchdowns off of its punting game. The third week also had bad news in it: Matt Vest, a starting tackle would miss the entire season due to an injury. Nevertheless, the team bounced back and won its next two games defeating Hawthorne and Tustin. At this point the real lessons began. How does an individual handle frustration, injury, heartache, despair and defeat? The team needed positive responses to all of these feelings as they lost the next five games. In the Valley game, the Saints dominated every stat but the final score. Against Canyon, two fumbles cost the "home eleven" another close game 7 - zero. Foothill, the eventual league champ, was on the ropes in the fourth quarter. Santa Ana had the ball on the six yard line and looked like it had the momentum to go in for the tieing score, but a dropped pass and an interception again turned out to be the Saint's demise. The players never lost their desire or poise and continued to improve after each defeat. It seemed fitting that all of their efforts would be rewarded in the last game. Everyone played and played well, resulting in a 30 - 0 win over Orange, - the team had come full circle.

For the seniors there was naturally disappointment, for the underclassmen there is always the hope of the future, but for everyone there were beneficial lessons that were well taught and won't be forgotten.

The Saint's Varsity Field Hockey team had a fine season, finishing Century League competition in second place with a 6-3 record. They advanced into the second round of the C.I.F. playoffs by defeating Baldwin Park 3 to 0 before losing to top ranked Edison.

In a rabuilding year the team faced tough pre-season competition, defeating Fountain Valley 2 to 0, Rancho Alamitos 3-0, and Marina 1 to 0. Close games were lost against C.I.F. bound Newport 0-1, Edison 1-2, and Santiago 0-2.

Eight players were selected to the All Century League teams:

First Team: Holly Janis, Alice Bonsall, Christie Vining and Jackie Serna

Second Team: Diane Aholelei, Brenda Hood, Esther Chavez, and Claudia Farin

At the awards banquet Coach Barbara Cox awarded trophies to Holly Janis, Most Valuable; Alice Bonsall, Outstanding Leadership and Spirit; Christi Vining, Outstanding Offense; Jackie Serna, Outstanding Defense. A special award went to Esther Chavez, goalkeeper.

The J.V. Field Hockey Team finished the '81-'82 season as the #1 Century League champs. This accomplishment was especially outstanding as 14 of the 15 girls had never played field hockey before this season. The season started off by tying La Quinta and Santiago in the first 2 practice games and going on to win the next 2 practice games with Newport Harbor and Rancho Alamitos. These two pre-league winswere the beginning of an eight game winning streak followed by two ties with Valley and our one and only loss to Orange. The loss to Orange was caused by the illness and/or injury to 3 of our top players. The team went on to win the last game against Foothill for a record of 7 wins, 2 losses, and the undisputed position of the champions of the Century League.

The success of the team was due to the tremendous talents of their defensive players: Trudy Kew, goalie, team captain, and receiver of the Most Inspirational Player award; Marie Christiansen, left halfback and receiver of the Most Valuable player Award; Gina Monherez, right half back and receiver of the Best Defensive Player Award. Lynette Blan developed throughout the season to become an excellent sweep.

The front line developed into an aggressive and quick thinking unity by the end of the season. The receiver of the Best Offensive Player Award was Jill Hyatt, right link. Jill was often aided by terrific left wing, Lynn Miller. Karen Heibert, left link; Vicky Bruce, right inner; Jennifer Harrelson, left inner; Michelle Cayo, right wing; Martha Lopez, right wing; and offensive and defensive player, Sonia Rodriguez matured in their skills and teamwork. With Varsity going to C.I.F. and J.V. taking first place in the league, the 81' - '82 field hockey season has been the most successful in all of the girls' athletics this year.

The girls' Varsity Basketball team finished their season with a 2 and 12 record, coached by Paula Panagan. The Saints team was led by Junior Maureen Kelly who was voted the Most Valuable Player and selected for the first team all-league.

The team was very young but proved their ability and potential by playing tough defensive against league contenders. Leslie Fields, Sue Sobraske, and Velinda Barrera and Gabriela Tarig were all sophomores who started for the Saints and improving in every game.

Dena Reveles, captain, hustled on defense always contributing to many opponents turnovers.

The team has grown tremendously and will be stronger next year because of this year's experience.

Freshmen players were Tricia Sasan and Denise Webb. Most inspirational was Elaine Moris. Most Improved was Leslie Field.

Sergio Buenrostro

Our Varsity Soccer Team won the Century League for the fifth consecutive year by displaying outstanding team play. They were led by co-captains Armando Rocha, who was selected the League M.V.P., and Sergio Buenrostro, who was selected for the all League first team. The record for this season was 17-2-2. We had the highest scoring offense winning 106 goals and losing 19 goals. We won the League undefeated for the second year in a row and reached the Semi Finals of CIF where we lost after 9 OT's. There are only 3 starters who will graduate this year, so the outlook for 1982 is indeed bright. Soccer has been at Santa Ana High School since 1973 and it has won 7 League Championships. It has been a very consistent sport in bringing honors to our school.

To Lisa a very nice and cute looking girl hope to see in the future have a nice summer and may God Bless you

The Junior Varsity, for the first time in five years, has finished in second place. The boys had a good season with many outstanding games. The competition in league was strong and they were up to the challenge. They lost some very close games, but all in all they had a very good season.

They were led by captain Jose Ochoa. The entire team devoted many hours to the improvement of their skills and this will show next year as many of the players have moved up to the varsity level.

The 1981 Girls' Tennis Team is best summed up in one word: Inexperience. Only three girls had ever played in a scholastic match before this season. The team showed by its improvement as the season progressed that it did not lack talent and should be stronger next year.

Lupe Hernandez, although hard-pressed by several others, received the Most Improved Player Award, while Pat Mojarro took home the Most Inspirational Player Award. Jennifer Burney and Roselda Cruz were Co-Most Valuable Players for the year as well as serving as Co-Captains.

VARSITY VOLLEYBALL

The team was led by Senior co-captains Trudi Kew and Jamille Moens.

Jamille Moens was the most versatile player who could set, pass, spike, and serve most effectively.

The team scored points through Jamilles very effective dinks.

Trudi Kew was the strongest blocker and defensive player who passed efficiently 80% of the season.

Tauau Naea was the best offensive weapon, who could put the ball away before the opponents could set up their block.

Tricia Sasan and Shirley Naea were the setters who controlled the offensive attacks and when not setting, they were very consistant hitters.

B.J. Flournoy joined the team towards the end of the season. B.J. added an extra spark to the Saints really contributing to the offense through her unreturnable series.

The season ended with 7 wins and 7 losses, placing fourth in the league.

Well what can I say? We have become such great friends and have had so many fun times - I will never ever forget the one deathful experience we both went thru. I'm sure you know what I mean. Remember all the times we just went Cruzin' around because we had nothing to do? What about all the times we would come to my house or yours and throw killer munches? We are going to have to go on a diet, sometime! What about me getting killer Cholaad out? you really put on the makeup. I remember how funky you looked when you wore the toga for Tau Omiga initiation. Wasn't it fun making a fool of yourself in front of all those people staring at you. Remember on Halloween when we were here with all the kids? And what about time when you and me and Mark and Joe and Elaine all went to Aloha Park and I first went out with Joe. That was so stupid!

Girls' State
&
Boys' State

Girls' State is a week long plunge into the study of city, county, and state government with an emphasis on what takes place before and during elections. Elections start at the city level with girls running for offices such as mayor, fire chief, city clerk, police chief, and so on. I was elected city clerk, a job I felt gave me a great chance to view the workings on all governmental levels. I worked in the city elections, county elections and state elections and came out with a terrific understanding of the primary and general election process, as well as an understanding of the jobs that elected officials are expected to perform. As well as being a learning experience, Girls' State was a lesson in friendship. There were no strangers. Girls I felt I hardly knew at first developed into close friends. I only wish more girls could have this rare and enlightening experience.

Laurie Lynn Feguson
Girls' State Representative 1981

Boys' State was a week long seminar held during the month of June at Cal State Sacramento. Over 800 young men gathered from all over California to learn more about their government. Arriving in Sacramento, each person was given a bar exam which entitled him to become a practicing attorney. In addition, each person was given a chance to run for a local or state office. I was elected to the City Council, and also served on the platform committee. During my stay, Governor Edmund G. Brown Jr. came and talked to the entire assembly on nuclear power. Boys' State was a very rewarding experience with many activities planned to give us a learning experience by actually doing. I would highly recommend Boys' State for any boy who is interested in learning how our government works, and how our representatives function, their duties and responsibilities, and what makes Democracy work.

Career Fair

Santa Claus (Mr. McCord) and Mr. Black

This year's Career Fair was held on Wednesday, December 16th in the Career Center. Various *R*egional *O*ccupational *P*rogram representatives brought examples of the training a student can receive which would prepare him for the job market after he graduates from high school. Mr. Black hosted the day by introducing the various programs offering opportunities for students interested in the work field represented in the Fair. Mr. McCord was, as in past years, the Santa Claus giving door prizes at the end of each period.

Students at the Fair

Lydia Solis & Maria Ibarra representing the Dental fields

Margarita Campos cutting Louis Mendoza's hair-representing the Cosmotology field

To a real nice person I had the pleasure of meeting this year. There were alot of good times this year and all the other years we were here, too. All those times we ditched with Star. Well, I hope your future brings love and happiness and good luck. Hope we see each other in the future.
